

- 近些年，马路上的车越来越多了。
- 如果我们的后代感觉到坐地铁比开车方便，那么私家车主就会减少了。
- 汽车尾气是最主要的空气污染因素之一。
- 我们最希望他们将来长大以后，能少开车。
- 总之，我不确定将来车会更多还是更少，或许这取决于我们今天如何教育孩子。

- 近些年，马路上的车越来越多了。

In recent years, there has been a considerable rise in the number of vehicles running on the streets.

- 如果我们的后代感觉到坐地铁比开车方便，那么私家车主就会减少了。

If the future generation feel that taking the subway is more convenient than driving a car, automobile ownership would be reduced.

- 汽车尾气是最主要的空气污染因素之一。

Automobile emission is one of the most significant factors that contribute to air pollution.

- 我们最希望他们将来长大以后，能少开车。

It is our best hope that when they grow up, they will cut the use of cars.

- 总之，我不确定将来车会更多还是更少，或许这取决于我们今天如何教育孩子。

To conclude, I am not sure whether car use will increase or decrease in future and perhaps it depends on how we educate today's children.
