雅思听力场景词汇二、

Listening situation: environment (section 2/4)

这类单词肯定是大家感觉到比较专业和难于掌握的,并不是需要学员们全部记忆下来,但起码要做到对发音和中文意思比较敏感,这样才会对全文的听力内容有一个较好的把握。否则就好像是听到了科普类文章一样,茫然不知所措,进而导致完全放弃。

atmosphere: Oxygen, Hydrogen, Nitrogen, Carbon dioxide, Carbon monoxide, Ozone, sulphur monoxide

pollution: air pollution, acid rain, contaminated water, pollutant, contaminant, chemicals, toxic waste

Geographical: soil erosion, desertification, drought, floods, overfishing, over-felling, deforestation

energy: fossil fuels, coal, gas, petroleum, solar, tide, wind power, nuclear, marsh gas, methane, biogas

recycling: plastic, paper, glass, bottle tops, ink cartridges, spare parts/components

雅思听力场景词汇三、

Listening situation: repair (section 1)

这个场景主要是购物或者租房子后发现有一些这样那样的问题，物体的型号、主要的问题、需要什么时间来修理、有没有质保、替换还是退款等都会是很重要的考点。雅思听力还是非常实用的，能让我们提前预习到在国外会碰到的场景，帮我们了解外国人处理一些事情的流程和规则。

What to repair: fridge, refrigerator, washing machine, CD player, electric light, clock, bungalow, cooker, rice cooker, printer (shelf)

Model type/number

Main problem: leaking, door broken, flashing, hands broken, noisy, fan broken, steam escaping

When to repair: immediately, straight away, right now, urgent

Next week, weekdays, weekends, in a couple of weeks

Mornings, afternoons (am pm)

Quality warranty: expiry date, quality guaranteed for two years

Compensation: refund, replacement
